Marina del Rey, CA 90292-6601

Dear Dr. Twomey,

I am writing on behalf of The Trust for Public Land to express our strong support for the .green bid submitted to you by DotGreen.

DotGreen, and its new Top Level Domain, .green, will make strong contributions to the objectives of our organization and we look forward with great anticipation to its approval by ICANN and its launch into the root.

The Trust for Public Land is a national nonprofit that conserves land for people to enjoy as parks, gardens, and other natural places, ensuring livable communities for generations to come. Since 1972, TPL has completed more than 3,600 projects, conserved more than 2.4 million acres, and helped generate more than \$25 billion in state and local conservation funding.

DotGreen has developed a strong business plan for .green, as well as a governance structure that provides clear and broad input from the environmental community. They have our strong and exclusive support in their pursuit of .green.

Yours Sincerely,

Jay Dean
Vice President
Director of Marketing
The Trust for Public Land
Jay.Dean@tpl.org
